Free Quiz

Welcome to the Personality Lab!
Experiment. Learn. Grow.

Everyone is a unique blend.
What's yours?

What is your unique personality blend?
Did you know that you have a mixture
of 4 major traits in your personality?

Try this short quiz to get an **estimate**
of your strongest traits. Please note
that this is **NOT** our full personality
assessment - this is just a quiz. This
quiz is only intended to **estimate** traits
which may be prevalent in your
personality style. We invite you to
"experiment" with this free tool to get
an idea about your personality style.

Before you start ... please keep in mind that there are no "right" or "wrong" answers in this quiz! You cannot pass or fail. This is not a test. This is just a quiz to help you learn. In fact, you can change your answers later if you want to. Simply make your selection according to how you see yourself. This is not about answering based on what you hope to become one day in the future. Neither is it about answering based on how you hope that others might see you. It is simply about how you see yourself. Your first inclination is probably your best response and the one you should select.

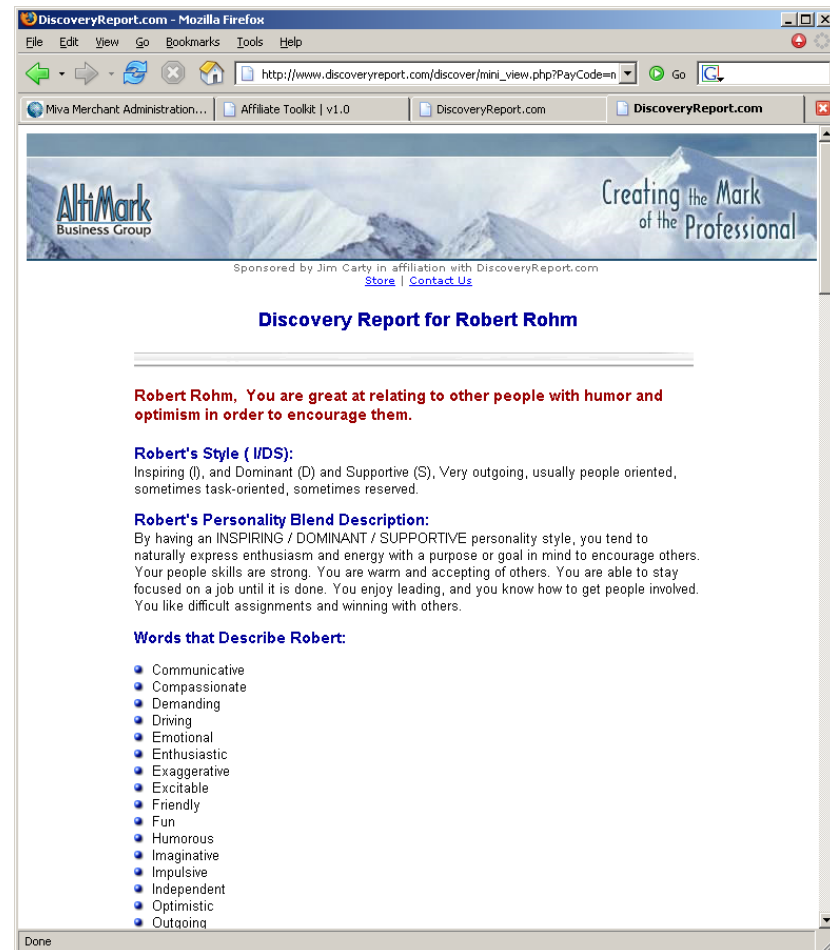

Quiz Instructions:

1. Choose either a **"work environment"** or a **"home environment"** to be the context of your answers. In other words, you will answer the questions either based on how you are at work or based on how you are at home.

Bonus #4:

* Prices subject to change, because this borders on being ridiculously cheap!

Albert says, "It looks to me like \$49.95 is relatively less than \$1000."

- **Simple to use, backed by technical support**
- **Serious tools, for pennies a day**
